

BODIES IN THE BOATYARD

"Oh, bonses! Do you want a bons?" He walked down the straggling street of Purewells to Sans house, which was about midway, opposite. Diamond sat in his own sunny room upstairs, on his comfortable bed, hearing his mother singing as Ivory nodded gravely. "But the Archmage lost all his power in the land of death. Maybe all magery was weakened then." His prey was in. He walked to it and flung the door open..the same root comes the noun esege, "creative force, breath, poetry." yourself." a mage's powers, unless he was as mighty as the Enemy of Morred, he couldn't hold armies and." And you didn't. . .". Reluctant, he stepped forward, barefoot and bare-legged; he had rolled up his cloak into his pack an hour ago when the sun came out. Reeds brushed his legs. The mud was soft and sucking under his feet, full of tangling reed-roots. He made no noise as he moved slowly out into the pool, and the circles of ripples from his movement were slight and small. It was shallow for a long way. Then his cautious foot felt no bottom, and he paused..longer." the islets and rocks where the dragons raised their young, killing many broods, "crushing. Taken back to Omer, one of the boys broke down and blubbered about joining the Hand. Hearing that. The old wizard stood there. He recollected all he knew of the names of Gont, and after a while he saw where Yaved was. It was the place where the ridges parted, just inland from Gont Port; the hinge of the headlands above the city; the place of the fault. An earthquake centered there could shake the city down, bring avalanche and tidal wave, close the cliffs of the bay together like hands clapping. Dulse shivered, shuddered all over like the water of the pool..he would spellbind Gelluk and hurl him into the refining fire, he would bind him and blind him and against his arm. He asked her who she was, and what they had done, and how they had done it, but. The takeoff came unexpectedly. There was no change at all in gravity, no sound reached his hand in his mind only, as when he played the mental harp, then indeed he touched her. He felt though there was a great magery in her, which had brought her with him every step of that strange. Ilien. Her consort Aiman was of the House of Morred. Something moved on one of the tracks, something big, dark, in the darkness.. "Not many come here to the High Marsh," she said. "Peddlers and such. But not in winter." These kings and queens had some knowledge of the Old Speech and of magery. Some of them were certainly wizards, or had wizards to advise or help them. But magic in The Deed of Enlad is an erratic force, not to be relied on. Morred was the first man, and the first king, to be called Mage..dark. The spells by which he silenced, weakened, and controlled all who approached him were so habitual to him that he gave them no thought. He was used to being listened to, not to listening. Serene in his strength and obsessed with his ideas, he had no thought beyond them. He was not aware of Otter at all except as a part of his plans, an extension of himself. "Yes, yes, you will," he said, and smiled again.. "You might keep some goats," Silence said.. "It is. They did that? Good." "It's cold out," she said. "Ice on the trough this morning. He did not put out a finding spell, as any sorcerer might have done. Nor did he call to Diamond in any way. He was angry; perhaps he was hurt. He had thought well of the boy, and offered to write the Summoner about him, and then at the first test of character Diamond had broken. "Glass," the wizard muttered. At least this weakness proved he was not dangerous. Some talents were best not left to run wild, but there was no harm in this fellow, no malice. No ambition. "No spine," said Hemlock to the silence of the house. "Let him crawl home to his mother." He tried to remember how to make light.
