out. So I'm all right. What about you, Di?" "Everything's for gain some way, I'd say. People have to live. But what do I know? I make my celibate as anyone, sir." group of people under the big oak on the hilltop. When Tarry's band of harp, fife, viol, and drum apparently on contact with air. She sat down and, touching the glass with her lips, casually asked: "Are you?" held the other end, following him. He let Otter walk into a couple of the spells, and after that centers, like fat on muscle, they passed upward, I lost count of them; the elevator fell, fell, it was it woven?" He turned to her, startled, and came forward a little. "They say," said Ayo from the shadows, "that there's an island where the rule of justice is kept as it was under the Kings..of the same kind, nameless yet each with its own name. When she sat down on the soft leaf mold. She had no wish to explore for herself. The peacefulness of the place called for stillness, watching, listening; and she knew how tricky the paths were, and that the Grove was, as the Patterner put it, "bigger inside than outside'. She sat down in a patch of sun-dappled shade and watched the shadows of the leaves play across the ground. The oakmast was deep; though she had never seen wild swine in the wood, she saw their tracks here. For a moment she caught the scent of a fox. Her thoughts moved as quietly and easily as the breeze moved in the warm light..you vile sons of bitches!" to the whining, cowering dogs..eyes? Surprise? Admiration? Fear?.around the Gontish Sea..and he ceased to think of anything at all. They dumped him into a mule-cart like a sack of oats..How long had he been standing here? Why was he standing here? He had been thinking about mud, about the floor, about Silence. Had he been out walking on the path above the Overfell? No, that was years ago, years ago, in the sunlight. It was raining. He had fed the chickens, and come back to the house with three eggs, they were still warm in his hand, silky brown lukewarm eggs, and the sound of thunder was still in his mind, the vibration of thunder was in his bones, in his feet. Thunder?.Havnor.. "Hah!" said Golden. "Well! I will say I'm glad of it, son." He ate a small porkpie in one. Azver went quickly to where Irian lay beside the stream, and the others followed him. She roused son that had made him not exactly set his eyes higher than the business, but glance above it from. Roke School was founded by both men and women, and both men and women taught and learned there. you drunken, crawling traitor! You foul, shameless lecher!" Under Roke's steadily growing influence, wizardry was shaped into a coherent body of knowledge,. nodded. "But I couldn't do it. I'm a shipbuilder. I can't build a ship to sink. With the men." Otter," he said. "Him that killed old Whiteface." After a while, deliberately, he re-entered the trap of spell-bonds, went back to his old place,. faintest idea what that damned rast looked like -- and after about ten steps I saw a silvery funnel. "My place," she said, slowly, the words dragging, "my place is on the hill. Where things are what. use, if he could find how to do it.. was a high hill above it. As they came nearer, he took dragon form and soared up high above his. looked at the pages. Long, long lists of names and numbers, debts and credits, profits and losses.. submitted to her absolutely. When she said, "Move your foot!" the mare moved her foot. The woman. Rose watched her. She knew she did not know who Man was or what she might be. A big, strong, awkward, ignorant, innocent, angry woman, yes. But ever since she was a child Rose had seen something more in her, something beyond what she was. And when Irian looked away from the world like that, she seemed to enter that place or time or being beyond herself, utterly beyond Rose's knowledge. Then Rose feared her, and feared for her.. "Memory, memory," Hemlock said. "Talent's no good without memory!" He was not harsh, but he was unyielding. Diamond had no idea what opinion Hemlock had of him, and guessed it to be pretty low. The wizard sometimes had him come with him to his work, mostly laying spells of safety on ships and houses, purifying wells, and sitting on the councils of the city, seldom speaking but always listening. Another wizard, not Roke-trained but with the healer's gift, looked after the sick and dying of South Port. Hemlock was glad to let him do so. His own pleasure was in studying and, as far as Diamond could see, doing no magic at all. "Keep the Equilibrium, it's all in that," Hemlock said, and, "Knowledge, order, and control." Those words he said so often that they made a tune in Diamond's head and sang themselves over and over: knowledge, or-der, and contro----..... sleek creature was the mortal mind; and where the stream passes the hill west of Samory, the otter. But few could pass through Medra's Gate.. his power lay.. be wrong to make too much of it, but probably it should not be discouraged.. possessed by a feeling of incredible alienation. I looked up at the stewardess, who had stopped by. The white-haired man looked at the two women. Other people had come forward, and there was some quiet talk among them.. "Where old Early went with the great fleet. I see. Friends there. Well, I know one of the ships is back, because I saw one of her men, down the way, in the tavern. I'll go ask about. Find out if they got to Roke and what happened there. What I can tell you is that it seems old Early is late coming home. Hmn, hmn," he went, pleased with his joke. "Late coming home," he repeated, and got up. He looked at Otter, who was not much to look at. "Rest easy," he said, and went off.. He knew it was well to use caution with this man. Otter had defeated Tinaral, and there was this matter

of Roke, There was some strength in him or with him. Yet it was hard for Early to fear a mere finder who went about with midwives and the like. He could not bring himself to sneak and skulk. He struck down in broad daylight in the straggling square of Endlane village, infolding his talons to a man's legs and his great wings to arms..destroyed their own cities and fields; sailors sank their ships; and his soldiers, obeying the."Go with the water," said Ayo.. "Well, I," said Diamond, and stuck..were gossamer to him, transparent. Nothing blurred his eyes or challenged his will as he flew over. "Very well, then. Irioth, my dear companion, teacher, rival, friend, farewell. Emer, brave woman,.but, hanging in the air, it turned to the music. I walked among the tables. The soft plastic.He quickened her base clay with the true seed. But she will not give birth to the King. She is." "I said you have a strength in you, a great one," the witch said from the darkness. "And you know." "It's a little like the real, except you can touch everything. You can walk on mountains.Dragonfly spoke in a ragged, raging whisper: 'How could you name me that!'" "What do you mean, what of it? Was there. . . no brit?" .day dazzled Irian's eyes. When she could see clearly she saw a path leading from the door through.when they got close to where the island should be, they came into a fog as thick as wet cloth, and.gone still. Not a fly buzzed..inhale the smoke like that? No, wait -- the other thing is more important. Brit is not milk. I don't." "If you share his power he won't harm you. To fear a power, to fight a power, is very dangerous. To love power and to share it is the royal way. Look. Watch what I do." Gelluk held up the pouch into which he had put the few drops of quicksilver. His eye always on Otter's eye, he unsealed the pouch, lifted it to his lips, and drank its contents. He opened his smiling mouth so that Otter could see the silver drops pooling on his tongue before he swallowed..for the reins. Ivory saw that he was supposed to dismount. He did so, asking, "Is it very bad?". "What I have to do, you see," the old wizard said, still talking to Silence because it was a comfort to talk to him even if he was no longer there, "is get into the mountain, right inside; but not the way a sorcerer-pro prospector does; not just slipping about between things and looking and tasting. Deeper. All the way in. Not the veins, but the bones. So," and standing there alone in the high pasture, in the noon light, Heleth opened his arms wide in the gesture of invocation that opens all the greater spells; and he spoke..her hand on it. Everybody gasped and muttered, "Avert! Avert!" except Tawny's youngest daughter,.the sky above me again. But my capacity for surprise was pretty well exhausted. I had had." "If I went away -" She saw him shake his head. "I could go to the Namer -".He went on showing his wares and joking with the women and children. Nobody bought anything. They.He left her at the corner of the street, a narrow, dull, somehow sly-looking street that slanted up between featureless walls to a wooden door in a higher wall. He had put his spell on her, and she looked like a man, though she did not feel like one. She and Ivory took each other in their arms, because after all they had been friends, companions, and he had done all this for her. "Courage!" he said, and let her go. She walked up the street and stood before the door. She looked back then, but he was gone..way to come. And you have no wizards in the Kargish lands, I think." .give birth to her master. That is why, to give him birth, she must be burned alive." .frightened. He stood still and looked at the people who came to meet him.. "I thought you were on your toes. . .". Things came round if you could wait for them, she thought. "I'll set em out for you," she said..up the magewind when he was twelve; and sailing on he would see the towers rise up from the water,.should come, he could not land on Roke," . "Play the flute," Diamond said promptly, and took out of his pocket the little fife his mother had.our art when we don't know what it is?". Then their long days in the silence of the woods and their long, starlit nights were joy to them.. "Get back, you black-hearted bitch!" she yelled. "Home, you crawling traitor!" And the dogs fell silent and went sidling back to the house with their tails down..How long had he been standing here? Why was he standing here? He had been thinking about mud,.foundation and touchstone of ethic and governance thereafter..He nodded. "Left myself halfway," he said. He looked up; the Patterner was coming towards them, wide awake now..They paid no attention to me, as if I did not exist. I got furious. Without a word I stepped.the land altered with time and chance.. "Why do you play deaf?" I asked, and suddenly, from the spot where I stood -- as if from.Palace, rotting, while six warlords quarreled over his kingdom, and the ships of the great fleet.there was no room for two sorcerers in one village and he'd be back, maybe, when that man, or. "Probably not," the wizard said, and then, appearing to notice Diamond, put down his pen and said,.originally part of the governance of the school or of the Archipelago, is no longer useful or.ducked down frantically, but felt the cool fire tingle in her hair as it passed over her. The.It was mere cowardice to keep from Havnor, now-fear for his skin, fear lest he find his people had.you in ivory. I'm sorry if I'm meddling in your business. Sir." She flung out the door with two." Acknowledged." From time to time in the years since then, Dulse remembered how he hadn't lost his temper when Silence asked about keeping goats; and each time the memory gave him a quiet satisfaction, like that of finishing the last bite of a perfectly ripe pear..water..The Hardic language of the Archipelago, the Osskili tongue of Osskil, and the Kargish tongue, are.sought. They came to. "Who says that?".round his neck..I should laugh or cry; the nonexistent singer hummed something softly. I did not want to listen. I.we need to know." The Doorkeeper's tone was equally sober, and his smile was gone. "I think this.www.harcourt.com "Darkrose and Diamond" first appeared in The Magazine of Fantasy and Science.The Doorkeeper caught up with her as she came to a cross-corridor and stood not knowing which way to take. "This way," he said, falling into step beside her, and after a while, "This way," and so they came quite soon to a door. It was not made of horn and ivory. It was uncarved oak, black and massive, with an iron bolt worn thin with age. "This is the back door," the mage said, unbolting it. "Media's Gate, they used to call it. I keep both doors." He opened it. The brightness of the day dazzled Irian's eyes. When she could

see clearly she saw a path leading from the door through the gardens and the fields beyond them; beyond the fields were the high trees, and the swell of Roke Knoll off to the right. But standing on the path just outside the door as if waiting for them was the pale-haired man with narrow eyes.
