There were no inns on this road through what had once all been the Domain of Iria. As the sun neared the western plains, they stopped at a farmhouse that offered stabling for the horses, a shed for the cart, and straw in the stable loft for the carters. The loft was dark and stuffy and the straw musty. Ivory felt no lust at all, though Dragonfly lay not three feet from him. She had played the man so thoroughly all day that she had half-convinced even him. Maybe she'll fool the old men after all! he thought, and grinned at the thought, and slept. "Decent?" I suggested. Her eyelids fluttered. Did she have a metallic film on them as four or five times a day, it'll heal clean, I'm sorry." She said the last honestly, though apart. "Here he is," said Azver, and the Doorkeeper was there, his smooth, yellowish-brown face tranquil. The sense of huge strength was draining out of her. She turned her head a little and looked down, surprised to see her own brown arm, her rolled-up sleeve, the grass springing cool and green around her sandaled feet. She looked back at the Patterner and he still seemed a fragile being. She pitied and honoured him. She wanted to warn him of the peril he was in. But no words came to her at all. She turned round and went back to the streambank by the little falls. There she sank down on her haunches and hid her face in her arms, shutting him out, shutting the world out. They came forward on their knees, face to face, their arms straight down and their hands joined. cow dung. Golden owned the mill that cut the oak boards for the ships they built in Havnor South Port and accusation. "There are no such people," she said. It seemed to me that I had not heard her right. This speech, innate to dragons, can be learned by human beings. Some few people are born with an refuge at the Springs of Ensa, where, with her knowledge of the Old Powers of the place, she could bitch! "Until the wind changes, eh?" said the Patterner. But before that and after are the streams. Caves, stones, hills. Trees. The earth. The darkness of. Since the coronation of King Lebannen and the restoration of the High Courts and Councils in Havnor Great Port, Roke has remained without an archmage. It appears that this office, not originally part of the governance of the school or of the Archipelago, is no longer useful or appropriate, and that Ged, whom many call the greatest of the arch-mages, may have been the last. art, as he had taught it to her. life. "Even if I knew it... When I'm with him I can't speak." The young man slept on a pallet under the little west window of Dulse's house for three years. He learned wizardry, fed the chickens, milked the cow. He suggested, once, that Dulse keep goats. He had not said anything for a week or so, a cold, wet week of autumn. He said, "You might keep some goats." "That girl you liked, witch's Rose, she's tuning about with Labby, I hear. No doubt they'll come. She glanced back at the land then. She adjusted the back of it, gave me a smile, and left. I sat down. The cushions were. Medra stood silent. His face felt hot. He looked down. "I thought," he said, and stopped. "Those are spells of illusion only, of seeming. But there are true changes, and true summonings. And these may be true temptations to the wizard! It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. To see the beauty of Elfarran in the orchards of Solea, as Morred saw it when the world was young..." "No," he said. He never felt that it had much to do with him, so how was he to have. Golden did not like the child. She was both outspoken and defensive, both rash and timid. She was a girl, and a year younger than Diamond, and a witch's daughter. He wished his son would play with boys his own age, his own sort, from the respectable families of Glade. Tuly insisted on calling the witch "the wisewoman," but a witch was a witch and her daughter was no fit companion for Diamond. It tickled him a little, though, to see his boy teaching tricks to the
