The girl sat down facing him. "She's Irian of Westpool's mare. You're the wizard, then?" "Our problem is with men," Veil said, "if you'll forgive me, dear brother. Men are of more account to other men than women and children are. We might have fifty witches here and they'll pay little heed. She gave her guest a basin of hot water and a clean towel for his poor feet, and then thought to ask him if he might want a bath, which he did. They heated the water and filled the old tub, and she went into her room while he had his bath on the hearth. When she came out it was all cleared away and wiped up, the towels hung before the fire. She'd never known a man to look after things like that, and who would have expected it of a rich man? Wouldn't he have servants, where he came from? But he was no more trouble than the cat. He washed his own clothes, even his bedsheets, had it done and hung out one sunny day before she knew what he was doing. Oh, why didn't you say so to begin with! Is that what you are then? I wondered, it being winter and all, and you being on the roads. But with that horse, I thought you must be a merchant. I've had about enough."..She turned away from him and them and went on up the hill in the gathering darkness. As she went farther from them they saw her then, all of them, the great gold-mailed flanks, the spiked, coiling tail, the talons, and the breath that was bright fire. On the crest of the Knoll she paused a while, her long head turning to look slowly round the Isle of Roke, gazing longest at the Grove, only a blur of darkness in darkness now. Then with a rattle like the shaking of sheets of brass the wide, vaned wings opened and the dragon sprang up into the air, circled Roke Knoll once, and flew..against the blaze shoveled and reshoveled ore onto logs kept in a roaring blaze by great bellows..his voice was beautiful. He talked like the tale-tellers when they spoke the parts of the heroes..He thought what he must do, and how he must do it. He wasn't sure whether he had summoned her or she had come of her own will; he didn't know how she had spoken the word of the Old Tongue to him or through him. He didn't know what he was doing, or what she was doing, and he was almost certain that the working of any spell would rouse Gelluk. But at last, rashly, and in dread, for such spells were a mere rumor among those who had taught him his sorcery, he summoned the woman in the stone tower..She considered herself, sitting in the deep silence of the Grove. No bird sang; the breeze was down; the leaves hung still. Am I ensorcelled? Am I a sterile thing, not whole, not a woman? she asked herself, looking at her strong bare arms, the slight, soft swell of her breasts in the shadow under the throat of her shirt..quietly to him and let him go. Irioth drew a deep breath..Ivory went, limping only very slightly, to an old mounting-block nearby and sat down on it. He stretched his leg, nursing the torn place, and looked up at the woman. "It would take a long time to tell you what Roke is like," he said. "But it would be my pleasure.".. "I gave it up, Darkrose. I had to either do it and nothing else, or not do it.
