"I'm not sure. Marty thinks there's a chemical metabolism in the upper part of the shell, which I haven't explored yet. But I can't really say if it's alive in the sense we use. I mean, it runs on wheels! It has three wheels, suited for sand, and something that's a cross between a rubber-band drive and a mainspring. Energy is stored in a coiled muscle and released slowly. I don't think it could travel more than a hundred meters. Unless it can recoil the muscle, and I can't tell how

that might be done." it was not in the nature of her kind of beauty to do so..78.He looked around at the faces of the others and decided it wasn't the time to speak of rescue possibilities. He didn't relish being a leader. He was hoping Lang would recover soon and take the burden from him. In the meantime he had to get them started on something. He touched McKillian gently on the shoulder and motioned her to the lock.."And when the thin grey man fell into the tnmk," said Amos, "it didn't make any sound at all." "Okay, okay.
